Usage and impact

Usage	Impact	Sustainability
Purchase of new PE equipment such as footballs, tennis balls and nets, foam javelins, hurdles, sports kits etc.	Teachers are better equipped to teach high quality PE lessons with the right equipment. Pupils are knowledgeable of the appropriate equipment to use dependant on the sport and are confident in the correct handling of them and how the equipment can help develop their sporting skills.	The right equipment, used properly, will last a number of years before needing to be replaced.
Running club and Kwik Cricket club run by qualified Sports Coach	Pupils develop their sporting skills in order to take part in team competitions against other schools. This also in turn improves their fitness levels and sporting confidence.	Having specialist sports coaches means that the children are being taught lifelong sports skills which they can take beyond primary school level.
Afterschool hockey club run by qualified Sports Coach.		
Sports Coach to train and take pupils to offsite tournaments. Supply release for staff at Newick School to oversee interschool tournaments (football/rugby/netball) with other schools visiting Newick Primary.	More children are confident to participate in interschool competitions and cluster competitions. There have been improved results in tournaments and competitions. A wider range of sports has been offered for children to take part in.	The improved results in competitions also boosts school sporting morale and garners interest from other children to take part in sporting competitions.

Lead Sports Coach for PE support.	Lead Sports Coach has liaised with the new PE lead and provided support on how to lead PE & sport in school.	PE lead can confidently organise, manage and monitor how PE and sport is delivered in school.
Cost of PE training for staff Cost of NQT PE Training by Lead School	Staff feel more confident in teaching PE and sport in school. They are able to deliver and demonstrate the skills they need to cover in their year group curriculum so that high quality teaching and learning is taking place.	This training can be passed on throughout the school to enable more confident teaching of PE and sport in the future.
Cost of purchasing a new PE scheme of work	Teachers are provided with high quality PE lessons and resources to teach which are in line with the new National Curriculum	The Scheme of Work is based on the new National Curriculum objectives, so it will be sustainable as long as the curriculum is in place.
Cost of pitch markings for the field.	The pitch markings mean that sports can be played effectively, whether it be during PE lessons, for sports day or for any sporting competitions which take part in school.	The pitch markings last for a year. This means the school can use them for PE lessons, sports day and any sporting competitions which take part throughout the year.
