

Dear Parent/Carer,

Welcome to Maths with Parents.

Maths with Parents is a not-for-profit organisation that works to support effective home learning for primary school children. Newick School has signed up for free this term so you can be supported to help with your child's learning while at home.

What is Maths with Parents?

Through an online platform, you and your child will watch short videos explaining the topics their school chooses, and then play fun games and activities together using items around the home to explore the maths in the real world. Mrs Sipula and the class teacher can then see any feedback and photos that you upload so they can see how you are getting on.

The class codes can be found on the class pages of the Newick School website (eg. <https://newickschool.org/otters/>)

To Sign Up

- 1) Visit <http://www.mathswithparents.com>
- 2) Click the Log In button, then the New Parent button
- 3) Enter your child's class code
- 4) Enter details about you and your child and click Confirm (Class: Class Code:)

You have Signed Up – what next?

- Use your password to login (your username is your email address)
- Watch the introductory video to see how it works
- Then watch the video for the first topic with your child and choose the activity to play first
- After you have played the activity together, if you want to, you can leave feedback for the school or upload a photo.
- Pick an item to dress up your Mathscot!
- If you have any further feedback or any problems then please contact Mrs Sipula, Director of Teaching School/Maths lead on director@newickts.com

Every time the school sets a new topic, Maths with Parents will email you to let you know.

Best wishes,

Sarah Sipula
