

## Useful Websites for Maths

There are lots of helpful websites you and your child can use for maths. We recommend:

BBC Bitesize.

<https://www.bbc.co.uk/bitesize/primary>

This website is useful for KS1 and KS2 and has a wide range of learner guides and videos organised by topic to help your child.

TTRockstars

<https://play.ttrockstars.com/auth/school/student>

All KS2 students have a login for this website. The aim is to be able to become a times table rock star, which means they can answer any times table question in under 3 seconds! The website has plenty of single player games which are carefully designed to allow your child to keep working on questions they are less confident with. There are also fun multi-player games which allow them to play against other students.

Hit the Button

<https://www.topmarks.co.uk/maths-games/hit-the-button>

This website is useful for KS1 and KS2 and has a variety of games which children can play to practise their basic number fluency including doubling, halving, number bonds and times tables.

Primary Games Arena

<http://primarygamesarena.com/Subjects/Maths>

This website can be used for EY, KS1 and KS2 and has games for just about every strand of maths! Each game tells you which year group it is tailored towards.

Mathematical Glossary

<https://www.theschoolrun.com/primary-numeracy-glossary-for-parents>

This website has a helpful glossary for parents to use for all the mathematical vocabulary that your child will need to understand.

Maths Playground

[https://www.mathplayground.com/index\\_multiplication\\_division.html](https://www.mathplayground.com/index_multiplication_division.html)

Lots of great multiplication and division games

Family Learning

[http://www.familylearning.org.uk/multiplication\\_games.html](http://www.familylearning.org.uk/multiplication_games.html)

This site has counting games, as well as games on place value, addition, multiplication, money and shape. Suitable for KS1 and KS2.

ICT Games

<https://www.ictgames.com/mobilePage/index.html>

Tablet and desktop friendly games for children between 5 and 8.
